Verona Dining Room

This dining room set from Intercon Furniture is crafted from solid red birch and American Cherry veneers. It offers an extra wide dining table with a solid wood top containing a 20" self-storing butterfly leaf extending the table to 92" in length. The stylish x-back chairs have been upholstered in a lovely light brown corded fabric durable as it is striking against the wood. Note the unusual height to the server - a full 48". Under the granite inlay top, the server features hidden drawers below the top edge, wine storage and plenty of display for your convenience. If it's a full china you prefer, the buffet like the server features a granite inlay top, wine storage and plenty of display and hidden storage.
