Bonaventure Day Bed

With a classic camelback design, the Bonaventure daybed will add elegance and style to your room! The arched spindled daybed features a row of graceful finials along the back and sides. Contoured side panels accentuate the unique shape. The gleaming creamy white metal finish will surely brighten your room! A link spring provides the foundation to fit a standard twin mattress. Convenient space saving options to accommodate guests, pop-up trundles are also available. A trundle is an extra mattress frame stored beneath a daybed, which slides out to provide additional sleeping space. Each level requires a twin mattress and is not included.
